Wipes BLOCK Pipes!

Flushable wipes are a leading cause of costly clogs and sewer spills. They snag on imperfections in sewer pipes, catch passing debris and create massive problems. Even if they say “flushable,” do not flush wipes.

FOG Clogs TOO

Fats, Oils and Grease from cooking and cleaning pans/dishes also clog pipes. Instead, wipe cooled grease from your pan and put it in the trash. Or carefully pour cooled oil in an empty can/jar and then in the trash.

Blocked pipes cause expensive repairs, pose public health risks and can overflow into private homes.

PLEASE TAKE ACTION - Only allow toilet paper down the drain!
