City Manager Brad Raulston provided an update on current City operations and business efforts/accommodations, ongoing parks and other facility closures, safety measures and protocols, and encouraged the community to support local businesses; to stay connected via social media outlets for real-time updates and to report any issues through the National City Connect computer application, Police non-emergency line, or the County's 211 information line. City Manager Raulston reported that he and Mayor Sotelo-Solis sent a letter to Congress urging them to support revenue relief for cities that need to continue providing public safety and other core services through the COVID-19 pandemic and beyond.

In recognition of Administrative Professionals Day, City Manager Raulston thanked all the men and women who support City operations through their hard work, tireless effort, and everyday enthusiasm that keeps City offices running smoothly and is the key to the City's success.

Chief of Emergency Services Frank Parra stated that National City is part of a task force looking into the impacts of the International Border on the rates of infection in the South Bay and that the efforts made by the County are making a significant difference in reducing the number of Countywide COVID-19 cases. Chief Parra assured the public that the percentage of cases is relatively low from what was predicted early on. Chief Parra provided brief information on COVID-19 testing and stated that, except for Paradise Valle Hospital, there are currently no testing sites available in the City, and testing is based on a tiered prioritized diagnostic testing system. He advised that the County's 211 line can also be used for those who are unsure of where to go for testing.

## **STAFF REPORTS (cont.)**

Chief of Police Jose Tellez provided an update on the current homeless situation and said that the Police continue to work with the Homeless Outreach Team (HOT), making several contacts each day and continue to reach out and provide services, although he said that most homeless people do not wish to be placed in shelters. He advised that according to a local news report, the highest number of confirmed COVID-19 cases in the County are currently located in Otay Mesa, and the cities that have the highest percentage of cases relative to their population, are National City and Chula Vista. Member Morrison expressed his concerns with the number of pushcarts that he observed in the City, the lack of Personal Protective Equipment (PPE) being used by the operators, and if they are operating with proper licenses and permits.

Member Quintero asked what the City can do to use funds and utilize different resources such as San Ysidro Health, Police and Fire Departments, to provide access and support to provide PPE. He commended the Sweetwater Union High School District for the food distributions and for making it clear that a vehicle is not required to pick up food.

Member Rios spoke on the importance of speaking with one message and one voice with clarity so that residents understand what they need and have to do and the City is doing its part to make it happen.

Mayor Sotelo-Solis shared her thoughts and provided updates on various things she's been working on with regards to the City and echoed the sentiments of City Manager Raulston regarding the letter to Congress for the San Diego congressional delegation.
