

**Non-Action Item III**- Update on the American Legion Database of Memorials

During the October 22, 2021 meeting Chairperson Ferrill discussed the American Legion's national database of memorials and her desire to submit an application on behalf of the City and Committee to include local sites to the database. An action item was placed on the January 28, 2021 meeting where the Committee unanimously approved submitting an application for two National City locations to be included to the American Legion's National database of Memorials; the War Memorial at 12th & D Avenue and the Veterans Wall of Honor at the same location. Chairperson Ferrill forwarded the information to the National City American Legion Post 255 who submitted the information to the National Office of American Legion. We await their response to the application.
