I am a long time Resident of National City.

I am in support of National City establishing a CCA and joining one of the local CCA groups.

We need to accelerate the adoption of Renewable Energy and reduce fossil fuel use. We (National City) can be in charge of this effort with a CCA. Waiting entails more risks with the ever increasing CO2 (and other Green House Gas) emissions as the Climate Change and extreme weather continues to destroy the life as we know it.

Profit from the CCA can, instead of going to CEO or stock holders, can go back to the community, and support incentive programs to help our community members.

I am Yusef Miller writing in Support of naming a park in National City for Dolores Huerta.

Ms. Huerta, is a living legend for all Americans, with particular pride for Mexicans and Mexican-Americans, Women, and Labor Rights. She dedicated a lifetime in a tireless effort of seeking Justice for all people, reaching across the isle to tie inspire generations of activist and politicians.

She has received the Presidential Eleanor Roosevelt Award for Human Rights in 1998, and The Presidential Medal of Freedom 2012.

THE LEAST THAT NATIONAL CITY CAN DO IS NAME A PARK AFTER HER.
