USE OF FORCE WORKSHOP

The National City Police Department will have another "Use of Force" Community Workshop this year! The workshop is scheduled for **Saturday, March 25th, 2023, from 08:30 AM to 12:30PM.** This unique community workshop focuses on law enforcement's use of force options. This Community Outreach Program is designed to inform members of the community about the various aspects of police use of force as it relates to law enforcement.

All members of the media are encouraged to be here! The workshop begins with an overview lecture on police use of force options. Next, you will be able to participate in several different role-play scenarios that will be monitored/controlled by trained police officers.

The National City Police Department is committed to a working partnership with our community in order to provide the highest level of service and public safety. We will pursue this commitment with an unwavering resolve while always respecting the rights and dignity of those we serve.

Please note: Due to the interactive nature of this workshop, attendance is limited to those who have been invited. We have had an overwhelming amount of requests to participate and we are at full capacity! **Although members of the media have successfully RSVP'd to participate in Saturday's workshop, you are also welcome to attend for reporting purposes.** Coffee and pastries will be provided in the morning and a lunch will be offered at the conclusion of the workshop.
