**Annual School Supply Giveaway**

The National City Police Department will be hosting this year's School Supply Giveaway event on *Wednesday, July 26, 2023 from 8:30am-12pm*. This year's annual event is made possible because of generous contributions and involvement from our community partners: Walmart, Costco, and the Lions Club in National City. Over the years, our valuable community partnerships have helped to give our police officers and professional staff members the means to share basic learning supplies with students in our elementary schools at the beginning of each school year.

Each year, two elementary schools within the National School District are selected to participate in this event. Palmer Way Elementary and Lincoln Acres Elementary were selected this year. Participating police officers and professional staff members will meet at Palmer Way Elementary School to kick off the event. After the school supplies are delivered to the students there, team members will rejoin at Lincoln Acres Elementary School to begin distributing school supplies to the students there.

It is estimated that we will be at each school location during these times:

**Date: Wednesday, July 26, 2023**

<b>08:30am to 10:00am</b>	Palmer Way Elementary School 2900 Palmer Street National City, CA 91950
<b>10:00am to 1200pm</b>	Lincoln Acres Elementary School 2200 S. Lanoitan Avenue National City, CA 91950

Participating police officers and professional staff members will distribute these basic school supplies directly to the students at each of the mentioned elementary schools while they are in their classrooms. This will provide a great opportunity for us to share our support, enthusiasm, and confidence in their abilities to excel as students.

The National City Police Department is committed to our partnership with the National and Sweetwater Union High School Districts in order to aid in the development of our young community members through safety, education and training.

Members of the media are highly encouraged to attend. Please contact NCPD Community Services Sergeant Kenneth Springer in advance if you have any questions about this event.
