CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Good afternoon Sarah,

Thank you for the opportunity to present the two OVRP county developments at your upcoming public meeting. I appreciate you adding us to the agenda and taking the time to listen to the presentation.

I would like to kindly ask for your commitment to share this information with your community and/or listserv. To assist with this, please feel free to use the following email script, the attached PDF presentation, and the linked recording in your distribution.

Dear Community Members,

We recently had a presentation from the County of San Diego’s Parks and Recreation department about two exciting developments regarding the [Otay Valley Regional Park \(OVRP\)](#) – the [Active Recreation Area 3](#) and [Heritage Staging Area and Trails](#) projects. The presentation is aimed at increasing community awareness and participation.

Please see the attached informational presentation for a project overview, insights, ways to help share this news, and access to public participation surveys. There is also a brief [5-minute video of the presentation](#) (link expire in 7 days) that can be shared via the link. Public surveys for the Active Recreation Area 3 project are slated to close on August 31st, and surveys for the Heritage Staging Area and Trails project are slated to close on September 13th. The County’s goal is to collect as many responses as possible before the close dates. The surveys will serve as an opportunity for South Bay residents, community members, and stakeholders to contribute ideas, provide feedback, and stay informed about the project’s developments. The extensive public meeting presentations for each project can be found on the project pages linked above.

Your feedback and involvement are highly valued.

Thank you,

Thank you for your time and commitment. We look forward to presenting on 8/6.

Best,

Camille Wildburger (she/her)
Park Project Manager, Development Division
