

**Jose Rodriguez**  
**Councilmember/Business Owner**

Jose Rodriguez is our Councilman, our neighbor, and our strong voice for a safer, better, more affordable National City. Jose is the only candidate endorsed by Teachers, Nurses and Congressman Juan Vargas. Here's why:

When families are struggling, Jose Rodriguez steps up. He broke through gridlock to add 145 new affordable homes, with even more on the way. After the catastrophic floods, Jose took urgent action – organizing clean-ups of 100 homes, blocking landlord evictions, and coordinating emergency shelter for displaced families.

Jose stands up for our community and gets results. He put local workers first in line for local jobs rebuilding our streets and sidewalks. To make us safer, Jose added 4-person firefighting teams, new police officers and 911 dispatchers always on call – and he's fighting for more.

Determined to bring change, Jose demanded our neighborhood's fair share from City Hall and delivered: \$23 million to renovate Kimball Park, upgrade El Toyon Park and reopen Las Palmas Pool. A father of 4, Jose knows our families need safe, well-maintained parks, public pools and open space to gather and enjoy life – and he's making it happen.

Jose Rodriguez fights for us and wins for us!
